(Continued from First Page.)

attend State conventions to be held at El Paso on the call of the State Chairman, Cecil A. Lyon, of the Regular party, and at Houston, of the Democratic party, and at Denison, as chairman of the Reorganized Republicans.

Party disagreement was caused by the allegation that the Lyon convention is to be held at El Paso to prevent the attendance of the railroad fare being too heavy for many of them to go to the western border of the State.

In a majority of the counties of this State, conventions were held to-day. At El Paso, the Democratic State Convention at Dallas, August 14th. While party conventions were generally harmonious, from a number of counties contests will be filed on various grounds, all, however, having the contest for the gubernatorial nomination as the real basis. While the popular vote primaries were held several weeks ago to select delegates for State and congressional officers, none of the gubernatorial candidates received a majority; hence the real selection of the nominee will be made by the State convention.

## S.S.S. HEALS OLD SORES

Every old sore exists because of a polluted condition of the blood. This vital fluid is infected with some germ or old taint, or perhaps has been left in an unhealthy condition from a long spell of sickness, or the trouble may be inherited. The poisonous germs and matter with which the blood is saturated force an outlet on the face, arms, legs or other part of the body and form a sore or ulcer. This being continually fed by a polluted blood supply, grows red and angry, festers and eats into the surrounding flesh until it becomes what is very aptly termed an "old sore." The relief produced by external treatment is only temporary. The only treatment that can do any real good is a blood purifier that goes to the very root of the trouble and removes the cause, and for this purpose nothing equals S. S. S. It drives out from the circulation all morbid matter and germs, even reaching down to hereditary taints, and by cleansing the blood heals old sores permanently. S. S. S. not only removes all taints and poisons from the blood but builds it up by supplying it with the rich, health-sustaining properties it needs to keep the system in health. S. S. S. makes pure blood and a sore must heal if the blood is pure and healthy. Book on Sores and Ulcers and medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

The most brilliant chapter in Cheatwood's Clean-Cut Sale comes to-morrow! The stirring bargains that have drawn immense crowds since the hour the sale opened will seem small and unimportant indeed when compared with the brisk, positive, decisive values ready for you to-morrow.

Nothing can arrest, nothing can slacken, this sale until the goods are gone! If you have a desire to save—to make your dollars perform the work of two—why come!

## PULASKI DEMOCRATS ELECT DELEGATES

They Go Uninstructed, but Ayers is in the Public Mind.

(Special to The Times-Dispatch.) PULASKI, VA., August 4.—The Democrats of Pulaski county held one of the best and most enthusiastic mass meetings here to-day ever seen on a similar occasion in the county. The purpose was to elect delegates to the Bristol convention, August 15th, to nominate a candidate for Congress from the Ninth District. All sections of the county were represented, and most interest prevailed.

A double delegation, consisting of thirty delegates, was elected, but they go uninstructed. There is an undercurrent all through the Ninth District that Hon. R. A. Ayers, of White, will be the nominee, and that he can most easily defeat Colonel Stump.

The meeting here to-day was a decided contrast to the one held here by the Republicans in June, which was attended by about two dozen persons.

## WOOD IS INVOLVED IN KOEHLER TRIAL

Charged That Major-General Officially Suppressed Charges Against Scott.

(Special to The Times-Dispatch.) LEAVENWORTH, KANS., August 4.—The court-martial of Captain Lewis M. Koehler, Fourth Cavalry, at the instigation of Major-General Leonard Wood, promises interesting developments. A review of the troubles between General Wood, Major Hugh L. Scott and Captain Koehler is contemplated in the Supreme Court of the United States, and a congressional investigation of General Wood's management of Philippine affairs may result because of the complaint to the military secretary by Captain Koehler of the action of General Wood.

Captain Koehler was tried last January by order of General Wood for making malicious, vexatious and groundless charges against Major Scott, Civil and Military Governor of Jolo, where the Mount Dajo battle occurred. In March, Captain Koehler charged Major Scott with incompetency and neglecting his duty. When the charges reached General Wood, instead of appointing a court of inquiry, the usual military method, he, it is alleged, suppressed them, and Major Scott happened to be in Manila at the time, made charges against Captain Koehler.

The trial of Koehler was pushed at a time when Major Scott was crossing the ocean, and, therefore, he could not be summoned as a witness.

The policeman climbed to the roof, where he had to struggle for his life with Delahanty, who, with superhuman effort, tried to throw him to the ground. Several men hurried to the policeman's aid. Delahanty was bound hand and foot, and with the aid of a derrick was hauled up to the truck, where he was placed in a patrol car and taken to the hospital. His injuries were found to be slight.

## Millions Just To Be Clean

THE mammoth Pabst Brewery is a model of neatness that might well be taken as a pattern by other pure food manufacturers. Millions have been spent on the Pabst plant to make the manufacture of Pabst Beer absolutely clean, pure and wholesome.

Pabst Beer is not fermented in open vats as is usual in breweries, but in sealed tanks where no air but pure, filtered air can reach it. Pabst Beer is not cooled in rooms where men walk in and out, but in specially constructed sealed coolers where no hands can touch it, no breath of foul air can taint it.

Pabst Beer is stored and aged only in specially constructed, hermetically sealed tanks that are kept pure and clean by rinsing only with filtered water. Absolutely no chance is taken for the slightest contamination by dirt, germs or tainted air.

Pabst Beer in addition to being the cleanest beer, is a pure beer—the most wholesome beer because made only from the "Pabst" exclusive process eight-day malt, which retains all the rich nutrition of the strength and health building elements of the barley, and the exclusive Pabst process of brewing with eight-day malt makes Pabst Blue Ribbon the perfect beer in age, purity and strength.

When Ordering Beer, call for Pabst Blue Ribbon.
